

Model 340-SG-03-C

Bare Die (Flip chip form, AuSn Pad)

Typical Optical-Electrical Characteristics

($I_F=100\text{mA}$, $T_a=25^\circ\text{C}$)

Item	Symbol	Unit	Min	Typ	Max
Peak Wavelength(*)	λ_p	nm	335	340	345
Radiant Flux(**)	P_o	mW	18	33	-
Full Width at Half Maximum	$\Delta\lambda$	nm	-	10	15
Forward voltage	V_F	V	3.6	4.1	5.2

(*)Peak Wavelength Measurement tolerance is $\pm 3\text{nm}$.

(**)Radiant Flux Measurement tolerance is $\pm 10\%$.

Specification and dimension are subject to change for improvement without notice.

Physical dimensions and Sample photo

Model 340-SG-03-C

Bare Die (Flip chip form, AuSn Pad)

Absolute Maximum Ratings

Item	Symbol	Unit	Value
Forward Current	I_F	mA	150
Reverse Voltage	V_R	V	5
Junction Temperature	T_J	°C	90
Operating Temperature	T_{OPR}	°C	-30 ~ +85
Storage Temperature	T_{STR}	°C	-40 ~ +85 (No condensation)

Derating Curve

Forward Voltage vs Forward Current

Forward Current vs Radiant Flux

Spectrum

Model 340-SG-03-C

Bare Die (Flip chip form, AuSn Pad)

- These data as on the page 2 were determined with Al-substrate on a heat sink and fan.

Radiation Pattern

Half-value angle $2\theta_{1/2}$

0°	45°	90°	135°	min	ave	max
134	142	132	144	132	138	144

- This data is for reference only.

Handling Static Electricity

This product is sensitive to static electricity and surge voltages, which may damage the device and reduce reliability. When handling the product, please refer to the example below and take sufficient measures against static electricity.

- Charge removal using wrist straps, conductive clothing, conductive shoes, conductive flooring, etc.
- Eliminating electric charges by installing equipment, jigs, etc. in the work area.
- Installation of workbenches, storage shelves, etc. using conductive materials.

	WARNING
	• LEDs emit very strong UV radiation. • Do not look at the LED light with the naked eye or irradiate the skin. • UV radiation can harm your eyes and skin. • To prevent UV radiation exposure, wear protective eyewear and protective equipment. • If LEDs are embedded in devices, please indicate warning labels against the UV light LED used. • Keep out of reach of children.
