End-of-Life Notice

Dear Valued customer,

We regret to inform you that, after reviewing our UV LED business, we have decided to restructure our product line-up and cease production of UV LEDs with peak wavelengths in the 255 to 295 nm range.

Please contact your account representative for more detailed information.

We apologize for any inconvenience this may cause and appreciate your understanding. We sincerely wish for your continued success.

Yours Truly,

Takehiko Suzuki
